Role:

**Researcher:**

Once you have logged in you are presented with the following screen

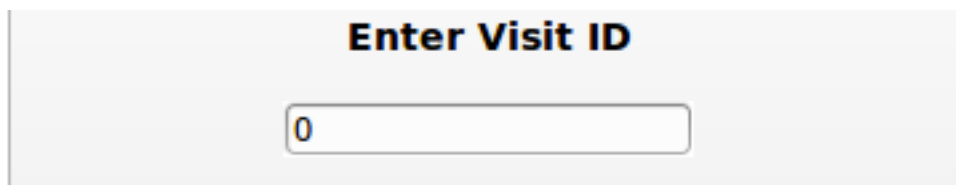

The image shows a web interface titled "Create Reports". Below the title, there are three rectangular buttons stacked vertically. The first button is labeled "Create Blood Sample Report", the second is labeled "Create Condition/Procedure Report", and the third is labeled "Create RX Report". The buttons have a light gray background with a subtle gradient and a thin border.

Once you have chosen what report you would like to create, simply choose where you wish to save it and hit submit.

**Pharmacist:**

Once you have logged in type in the Visit ID in the Visit ID box.

The image shows a web interface titled "Enter Visit ID". Below the title, there is a text input field. The field contains the number "0". The input field has a light gray background with a thin border.

Once you have entered the Visit ID, click in the first text box under Prescription Given to type in the medicine given(not necessarily prescribed), dosage. Afterwards check whether the medicine given was the same as what was prescribed in the subsequent drop down. The Same as Prescribed dropdown will be labeled yes by default.

Prescription Given	Same as Prescribed?
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 

Once you have entered all of the appropriate information click the submit button at the bottom of the screen.

Prescription Given	Same as Prescribed?
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 
<input type="text"/>	Yes 

Submit

**Student:**

Once you have logged in either search for an existing patient by First Name and Last Name and click Search.

**Search:** First Name  Last Name  Patient ID

---

If the patient is new then enter their vitals and click Submit. If they are existing then once you have entered their vitals click the Start New Encounter button located at the bottom of the screen.
